LIEF EN LEED

Ons innige simpatie met Gerty en Hannes wie se dogter oorlede is na 'n lang stryd teen kanker. Mag mooi herinneringe en genade daardie groot leemte in julle lewens en harte vul.

Innige simpatie ook met Dennis en Yvonne wie se skoondogter so skielik oorlede is.

Daar is nie woorde wat kan troos maar weet julle is in ons gedagtes en gebede.
Dit gaan goed met Flip na sy knieoperasie. Sterkte met die herstelproses.
Andre is ook nog besig met sy behandeling en dit gaan goed onder omstandighede.

Tyd is ons ewige metgesel op ons lewensreis. Dit herinner ons om elke oomblik te koester want as dit verby is, is dit verby en hoe ons gelewe het is veel belangriker as ons nalatenskap. Wees daar vir mekaar tydens hierdie kragonderbrekings in ons lewens.

FONDSINSAMELING: 06 Maart 2020

Stel 'n gemengde 4-span saam en skryf jul name op die lys wat op die bord is. Koste is R400 per span. Bied asseblief jou hulp aan om die bane reg te kry, vir kombuisdiens en by die kroeg. Praat met Marsha en Ted. Ondersteun ook asb die lootjie-lyste. Laat ons saamstaan om hierdie dag 'n groot sosiale, asook finansiële sukses te maak.

VAN WAAR GEHASI?

Robina Anderson

Born in Boksburg on 14 April 1940 as Robina Jean Tait and lived on East Rand Proprietary Mines.

I spent my early years watching my grandfather, Walter Charles Tait, at ERPM Bowling greens, till age 10.

He brought me up as a child and thankfully made bowling part of my life.

My mother remarried when I was 10 and we went to live at City Deep Mine JHB.

I went to school in Johannesburg at Twist street Primary School, Hillbrow and then Banato Park Girls high.

After leaving school I qualified as a hairdresser at Maison Champagne.

I worked for my mother in law, Mrs Bodil Anderson, and married her son, John Anderson. We lived in Boksburg for 7 Yrs.

This did not work out so we got Divorced. I decided to go to London, to start a new life.

I sailed to London on the Edinburgh Castle. This was good for me as I made firm friends for my UK stay. For the next 3 years I lived in Muswell Hill at Alexander Palace. This gave me the opportunity to travel the UK by car, a group tour through Europe and a Mediterranean cruise.

Back in Johannesburg I worked for a Travel Agent, AATB at Jan Smuts Airport. For the next 7 years, as a guide and agent to businessmen and travelling VIP's.

During this period I met famous people from overseas, e.g. Arnold Swartzeneger, Charlton Heston, Gina Lolobridga and many other International and local business people in the sporting world.

Here I got the opportunity to do various courses in Computers and travel, which prepared me to work in the travel industry.

As a Tour Guide I escorted tours of which the following were highlights:

- 1] Gymnistrada in Berlin, Europe and UK- took 200 gymnasts to compete for SA.
- 2] England and Scotland.
- 3] Scandinavia, Norway, Sweden, Denmark and Stockholm.
- 4] Canada and America.

After this I was given the opportunity to be an Air Charter agent at Grand Central Airport and spent the next years sending Aircraft with Business people round

African countries, Mauritius, Madagascar and Australia . For a number of years for Avex air, Rennies Air. Grand Central Charter. National Airways and Heliquip Aviation.

I then Managed a small Airline with regular flights from Grand Central to Sun City. The down turn in aviation business resulted in aircraft being sold - mostly to Australia .

I was Transferred to an International Company. ISOS International SOS to do medical rescue at Grand Central Airport, for the remaining years till I retired in 2005.

In 2006. I worked part time for Heliquip at Grand Central and then in 2007, did the best thing ever.

I Moved to Centurion and was introduced to the Centurion Bowling Club. Great for me as it has kept me healthy and alive. [Bowls saved my life - this is another story]. Have enjoyed the competitive side of the game and very much the Social and Fitness.

I enjoy doing the garden which keeps me fit. I do not have to go to Gym as I get all my exercise at Bowls.

Thank you all for allowing me to still participate socially. I have to say I have had a very interesting life and bowls just gave it an excellent finish.
